Lynn,

I defer to Jen but if this is the best time for everyone, then I would go ahead and have the call.

We had a good deal of back and forth in HQ on this issue so it is pretty fresh in my mind. I set up a call with Jen before your larger call and will do my best to brief her up on the major issues.

Thanks.

Subject: FW: Congressional regarding Vogel Paint

All – I wanted to share with you the attached congressional inquiry regarding the Vogel Paint site in Orange City, IA. Region 7 would like to have a discussion with you next week to discuss a few of the technical/policy aspects brought up in the inquiry – specifically EPA's policy/practices on sharing draft Five Year Review Reports with PRPs and then of course the groundwater point of compliance issue.

I will send a separate email with a link to the latest Five Year Review for Vogel Paint which is referenced frequently in the inquiry. In that email I will also attach files of the GW ROD and ESDs.

Thank You,

Lynn M Juett
